

We want Charter to take action to insure that family owned and independent programming networks such as One America News Network are treated fairly and protected.

America needs networks like OANN and the cable carriers who are the people's trusted carriers should not be able to discriminate against certain networks like OANN by picking and choosing what networks they carry.

We want Charter to carry OANN. OANN is a valuable news source to us. Not carrying OANN is akin to censorship a concept that the First Amendment strickly forbids.

#### Big Cable Mega-Mergers Are Challenging to One America News Network and Independent Programmers

Friends of One America News Network and independent programming sources:

We need your help. Independent news sources such as One America News Network further inform our citizens and protect our democracy. A mega-cable merger is about to take place unless the FCC hears your voice. Charter Communications, a company that has filed bankruptcy multiple times in the last 10 years, is preparing to acquire two competitors, Time Warner Cable and Bright House Networks. In this case, bigger isn't better. Charter Communications has a history of offering unfavorable and anti-competitive terms to independent programmers and flatly refuses to carry One America News Network. To allow Charter to rapidly expand when it has had trouble simply running its own business and mistreats independent programmers isn't good for America.

We're not opposed to this mega-merger, at least not at this time. Instead, we are working hard to raise the awareness of the plight of independent programming services at the FCC (Federal Communications Commission) and throughout Washington, DC. We want Charter to take action to insure that family owned and independent programming networks such as One America News Network are treated fairly and protected.

The FCC wants to hear your comments on this mega-merger. This is your chance to make a difference and show your support for One America News Network.

There is a short and simple process to register your support of One America News Network directly to the FCC. Here's how:

3. Click "Continue" at the end, where you will review your information and comments.
4. Click "CONFIRM" to send your comments to the FCC.

Not carrying OANN is akin to sensorship.
